# Nexus Global Bank — Corporate Treasury & Settlement Agreement

Document Ref: NGB-TR-2026-V4 | Classification: Highly Confidential Commercial

## Section 1: Scope of Operations and Entity Governance

This Corporate Treasury and Settlement Agreement governs commercial cash management, domestic Real-Time Gross Settlement (RTGS), Automated Clearing House (ACH) transactions, and international cross-border SWIFT transfers executed by corporate account holders. Account holders maintain fiduciary liability for dual-custody authorization tokens. Access control mandates role-based segregation between transaction initiators and transaction approvers.

## Section 2: Daily Transaction Volume and Single-Transfer Limits

Commercial clients are categorized into three operational risk tiers based on average quarterly liquidity balance. Single-transaction limits apply strictly to unverified automated API flows. Transfers exceeding single-transaction limits require asynchronous secondary approval by a corporate officer with Grade-7 administrative signing power.

| Risk Tier | Quarterly Balance | Daily Outbound Limit | Single Wire API Cap | Required Signers |
|---|---|---|---|---|
| Tier 1 - Standard | INR 10M - 50M | INR 25,000,000 | INR 5,000,000 | 1 Authorized Officer |
| Tier 2 - Premium | INR 50M - 250M | INR 100,000,000 | INR 20,000,000 | 2 Dual-Key Officers |

## Section 5: Anti-Money Laundering (AML) & Suspicious Transaction Reporting

Under the Financial Intelligence Unit (FIU-IND) statutory mandates, Nexus Global Bank enforces automated real-time screening of all beneficiary names against OFAC, UN Sanctions, and domestic designated entities databases. Transactions flagged with sanction match confidence exceeding 85% are automatically quarantined into 'AML_FREEZE' state.

Quarantined transactions cannot be released via API or ordinary branch operations. Release requires an authenticated Source of Funds Certificate (SFC) and explicit digital clearance from the Chief Compliance Officer within 48 business hours. If documentation is not furnished within 7 calendar days, funds are impounded and reported via Suspicious Transaction Report (STR).

## Section 6: Dispute Arbitration and Fraud Investigation Windows

Commercial clients must notify Nexus Global Bank in writing regarding unauthorized wire debits within exactly 24 hours of ledger debit notification. Notices delivered after 24 hours forfeit immediate conditional re-crediting rights. Disputed funds under investigation are isolated in non-interest-bearing suspense accounts pending resolution.
